

It is our true belief that finding the right solutions to your business' mission makes doing business less challenging.

# IFAS

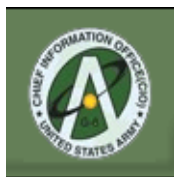

## **IT Portfolio and Asset Management**

Organizations must deliver enterprise-wide business capabilities on a regular basis and bring about strategic change. The need for better governance is the cornerstone to managing business and creating true value.

### **IFAS experience and past performance**

- Develop Publish, and Update Army Policy and Guidance on Managing Enterprise IT assets.
- Develop Strategic Communication initiatives associated with change management.
- Provides Army wide Enterprise solutions that support the operational force and force generating activities across the entire spectrum of conflict and operational environments for the Army
- Strategic planning for Area Processing Center (APC) implementation and provisioning of computing services.
- Solution/policy development in support of Army Stationing activities (i.e., Base Realignment and Closure (BRAC), Global Defense Posture Realignment (GDPR), Army Modular Force (AMF), and Grow the Army (GTA) Army Stationing actions- through the formulation of management tools-to empower Army leadership.
